Put Your Smile First

Getting the smile you love with SimplyClear® is... simple.

Get Started

Your SimplyClear provider will scan your teeth and take any necessary photos and x-rays used to plan your case.

Receive Customized Aligners

With the support of an entire Orthodontic team, your SimplyClear provider will approve your treatment plan and deliver your custom clear aligners.

Transform Your Smile on The Go

Wear your aligners as prescribed by your doctor. With each clear aligner step, your teeth will gradually move into the desired position.

Lock in Your Perfect Smile

Bring on the confidence. Once you and your doctor are happy with your final smile, you will receive retainers to lock in that smile.
